

WEBS

General
Administration

Your essential operations partner

Washington State Department of General Administration's new website provides greater access to government contracting opportunities.

Government Organization benefits

- Up to date Vendor information
- Online bid posting
- Electronic notification of opportunities
- Online access to bid documents (up to 6 years)
- Online access to updated vendor lists
- You select vendors for notification
- Flexible enough to meet business requirements

Doing business with government is just a click away

WEBS provides vendors with an automatic e-mail notification of new opportunities when a bid for one of their commodities is posted.

The new service is *free* to vendors and government entities.
